"Excuse me miss, may I have this dance?" When you hear these words, you may be picturing a middle-aged couple exchanging words, but it's actually a little boy talking to a little girl.... *"Why certainly,"* she says, *"thank you"*.

At A Social Affair we will not only teach your child how to dance the waltz, salsa and swing – we also teach them manners, confidence and posture. We provide them with something very important that they can use for the rest of their lives, DANCE!!

Ages 7 to 14

Our curriculum is designed to build motor skills while having fun, as well as fostering emotional, intellectual and social skills. Give your child the gift that will last a lifetime and give them the confidence that will enhance every aspect of their lives.
