"Excuse me miss, may I have this dance?"
When you hear these words, you may be picturing a middle-aged couple exchanging words, but it's actually a little boy talking to a

little girl.... *"Why certainly,"* she says, *"thank you"*.

At A Social Affair Dance Studio, we will not only teach your child how to dance the waltz, salsa and swing – we also teach them manners, confidence and posture. We provide them with something very important that they can use for the rest of their lives, DANCE!!

Our curriculum is designed to build motor skills while having fun, as well as fostering emotional, intellectual and social skills. Give your child the gift that will last a lifetime and give them the confidence that will enhance every aspect of their lives.
